THIS IS UNEVALUATED INFORMATION

25X1

1. The AVIA factory in Lipova employs 98 workers. Lubricating pipe tops, screws, and other small size parts are produced there. An AVIA factory in Rumburk, formerly Textilstav, is engaged in the production of rocket holders and bomb racks. Both factories are to be amalgamated into one plant.
2. On about 5 October 1953 (Czech Air Force Day), a Czech Air Force officer exhorted the Lipova factory workers to produce aircraft parts of better quality, making the planes safer for the Air Force men, especially now that AVIA has been given contract orders for jet planes.
3. Each Friday a truck from AVIA Prague arrives at Lipova, bringing raw materials and taking back finished products.
4. The AVIA recreation house is located in Kralovstvi, Juliette Park, in a former restaurant building. According to hearsay, only the children of AVIA workers from Prague were billeted there this year.

3. [redacted] Comment. Identical with Hainspach or Hanspach (052/F68).
2. [redacted] Comment. Presumably a reference to the J. Dimitrov Plant of Avia. at Letnany.
